Appln. No.: 10/767,244

Amendment dated June 12, 2006

Reply to Office Action of March 13, 2006

## REMARKS/ARGUMENTS

In the non-final Office Action mailed March 13, 2006, claims 1-12 were rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claims 1-9, 11 and 12 were rejected under 35 U.S.C. 102(e) as being anticipated by Avitall (U.S. Patent No. 5,702,438).

Claim 10 was rejected under 35 U.S.C. 102(e) as being anticipated by or, in the alternative, under 35 U.S.C. 103(a) as being obvious over Avitall.

prejudice or disclaimer.

Claim 1 has been amended so that the terms "contracted posit on" and "expanded position" are consistent with the terms "contract" and "expand" in the claim. Claim 2 has been amended to claim "a series of struts comprising a first strut, a second strut, a third strut and a fourth strut." In view of these amendments, it is respectfully submitted that the rejections under 35 U.S.C. 112, second paragraph, have been rendered moot.

Claim I has been amended to claim "an elongate central portion leaving a longitudinal center of axis" and "the span forming a paddle surface, the paddle surface laving a longitudinal center of axis parallel to the longitudinal center of axis of the elongate cen ral portion when the paddle surface is in the expanded position." No such paddle surface is taugl t in Avitall.
